RICHLAND

ROSÉ
2022

Calabria Richland series brings to the table reliable, approachable wines that consistently over-deliver. We strive to capture the essence of the variety and include within the series traditional varieties and also wines made from interesting, newer varieties to Australia. The Richland series was originally inspired by the Mediterranean climate and rich, fertile soils of South Eastern Australia. The Richland label is devoted to the pioneers and founders of Calabria Family Wines; Francesco & Elisabetta Calabria.
